THE KINDNESS OF PEOPLE!

At the end of September, I had a fall in Bridge Street in Pickering, resulting in me being taken by ambulance to Scarborough Hospital where I spent a week. I don't remember very much about it all, but it was decided that nothing more could be done there so I was transferred to York. After another week there I started to 'come round', and returned home last week.

My other half doesn't drive and so had to rely on the kindness of the village. It was forthcoming in great volume! She was inundated with offers to take her to hospital, the shops, and appointments.

The greatest of thanks to everybody who offered and travelled to Scarborough or York.

It was very comforting for Linda to know there was so much support. Your good wishes meant a lot to us. I'm now getting stronger with time and exercise.
