5. **Public Comments** - None.
6. Planning applications and consultation
 - a) [ZE24/00551/HOUSE](#) Erection of a single storey rear extension at Pioneer Cottage, Main Street, Sinnington. **Decision.** The rear extension to provide a kitchen/dining area and a re-ordered ground floor incorporating a shower/toilet is sizeable in relation to the existing original property, replacing a smaller existing conservatory. The proposal has a rather unfortunate flat roof design, presumably necessitated by the position of a bedroom window in the rear elevation of the existing house. However, given the position of the extension at the rear of the house and in relation to the adjacent properties, it will be well screened from Main Street and would not be an intrusive element within the conservation area. The Parish Council therefore has no objections to the proposal.
 - b) [NYMNPA Design Code Consultation Sinnington](#) **Decision.** No comment.
7. **Village – Village Green Trees, Trees, Footbridge, Streetlight No. 12 and Defibrillator**

 - c) To council resolved to investigate the right of way to the footbridge east of the village. It is concerned about the supports of the footbridge.
 - d) The council resolved to request that NYC replace or repaint the 30mph signs on Main Street.
 - e) The council resolved to consider putting a defibrillator on the Village Hall. No answer was received about a suitable power supply across the green.
8. **Finance**
 - a) Unity Bank application. The council agreed that it did not wish to continue the Unity Bank application.
 - b) The council noted that the information required to calculate the Parish Council precept cost per household (the Band D equivalent) will not be available from NYC before 29/11/24. Precept can be calculated without this information.
